## Frequently Asked Questions (FAQs)

*(Industry Academia COMMUNITY)*

Question: What is Industry- Academia Community (IAC)?

Response: Industry-Academia Community (IAC) is a part of 'Industry-Academia Connect' initiative of Cloud Counselage Pvt. Ltd. in association with Gift-A-Career Foundation created for Industry & Academia PAN India. This community engages and supports higher education students and freshers by providing them with 360-degree professional development and career growth opportunities through Career Vision, Career Guidance, Industry & Corporate Exposure, and Hands-on experience/remote internships on live projects. All the benefits of the community can be availed from any corner of the world as it is an online community and at no cost to the members.

Question: What are the benefits of being part of IAC?

Response: 1. Industry Exposure Workshops

2. Career Vision

3. Career Guidance

4. Industry Training

5. Internship Program

6. Industry Visits

7. CV & Interview Preparations

8. Soft Skills Workshops

9. Career Assessments

10. Hackathons

11. Job Placements

12. Entrepreneurship Program

**Question: Do I need to pay any fees to be a part of this community?**

**Response:** This community is created with the intent to eradicate the perpetual unemployability issue amongst the fresh graduates of India. Cloud Counselage is committed to this social cause and therefore the students can be part of this community at no cost. They do not pay any fees and there are no hidden charges for being part of this community and for availing the benefits of the programs offered through this community.

**Question: Do I need to participate in all the activities?**

**Response:** You can participate in any activities of your choice. However, each activity has its own benefit. The more activities that you participate in the more career/ job-ready you become.

**Question: How many hours of work are expected from me?**

**Response:** You are expected to spend 1-2 hours a week completing the professional development activities under IAC. This will ensure continuous professional development.

**Question: Is it necessary to become a member of the Industry Academia Community to avail the benefits?**

**Response:** You agree to become a member of the community as soon as you sign up for the app or express interest in joining the community. The benefits of the app and in turn, the community are only available to the community members. Moreover, there are no fees to become a member of the community.

**Question: Will I get the flexibility to participate in my activities at my convenience?**

**Response:** Yes, having worked with the student community for the last few years, we completely understand their academic commitments and therefore offer the flexibility to participate in the activities at their convenience. With the events that are conducted at a stipulated time, the recordings are provided. During the internships, the students can work at their convenience however, will need to meet the deadlines for submission.

**Question: Has this program helped students earlier?**

**Response:** More than 90% of the community members have rated us 4 & 5 out of 5 for their overall experience of the activities. The reviews of the participants are available on our iReviews page and social media pages. The students have experienced a boost in confidence, especially during the interview, were able to channel the interview, and have been placed in companies like Oracle, Microsoft, Capgemini, TCS, Wipro, Deloitte, etc. In terms of higher education, they were able to secure places in reputed universities in the U.S., Australia, Ireland, etc.

**Question: How will the internship be conducted?**

**Response:** This is a 6-12 weeks online internship, that will be conducted during the vacation (generally) and you can choose any of one domain from the ones that we offer. This is a guaranteed internship for all the students in the age group of 17-24 years who aspire to IT & Management careers. There will be no interviews or aptitude tests required for participating in this internship. To keep the internship focused and reduce the stress to the students we allow working on only one technology at a time. The interns who have successfully submitted the project, get an experience certificate. The interns who have performed exceptionally well and have delivered high-quality deliverables are provided with 'letters of appreciation' as well and are facilitated in the 'Industry Academia Excellence Awards'.

**Question: How can I visit the website?**

**Response:** Here's the link to Cloud Counselage website:

<https://cloudcounselage.graphy.com>
